Cortona for 4 Beautiful Tuscan Escape

Perhaps best known these days as the setting for the book and movie "Under the Tuscan Sun," gorgeous hillside Cortona has a long history dating back even before its time as an important Etruscan center. Top attractions include the Duomo (Cathedral), the small Museo Diocesano across the piazza with its superb art collection, and the fascinating Museodell'Accademia Etrusca with its assembly of Etruscan and Roman era items. Cortona is also bursting with splendid churches spanning many periods.
