This Non-Transferable hunt is for a plains game hunt and can be upgraded to include extra hunting days, fishing trips, and sightseeing tours. A booking deposit of \$1000/hunter is required to set dates, but will be applied to the hunter's final hunting total at the conclusion of their safari. Additional Hunters are \$800 for the week, but do not receive the trophy credit. Additional Observers are \$1000 which covers them for the entire week. Hunt must be used within five years from the date of purchase. All Hunters will be enrolled in our Fighting Famine Safari program through IGY6 Veterans Benefit, a US based 501(c)(3) to earn a tax deduction for all of the meat generated by their safari. A travel insurance policy is recommended for this or any other international adventure. Tax deductions are based on the person, not the couple or hunting party.
